Dear Marie

Annual General Meeting – Broulee Community Association

Thank you for your email dated 8 August 2013.

We note you will be standing down as President of the Broulee Community Association. We would like to take this opportunity of sincerely thanking you for the positive and constructive manner in which you have worked with us over recent years. It has been an absolute pleasure.

Candlagan Bridge repairs

The repair works on Candlagan Bridge have been, in part, removing concrete to expose and check the steel reinforcement. The work done to date has identified that the extent of corrosion is more extensive than anticipated.

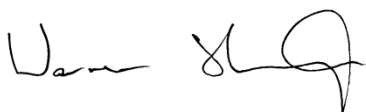

We have therefore temporarily ceased works on the bridge to permit further specialist assessments to be undertaken. This should occur over the next month, after which we will provide the Broulee Community Association with an update.

Grant Street cycleway

We are pleased to advise that we have secured \$90,000 in grant funds from the RMS to match the \$90,000 Council has allocated in the 2013/14 budget. Design works for the section between Heath Street and McNee Street will be undertaken with a view to constructing this pathway this financial year.

We wish you all the very best for the future and look forward to working with the incoming Broulee Community Association Executive.

Yours faithfully

Warren Sharpe
Director Infrastructure Services
